

The 14th Japan-Korea Symposium on Catalysis

July 1-3, 2013, Nagoya, Japan

Invitation

We are pleased to announce that the 14th Japan-Korea Symposium on Catalysis will be held at Nagoya city, Japan from July 1 to 3, 2013. This symposium will follow the previous successful symposium held in every two years since 1987. The aims of the symposium are to exchange information about recent researches on catalysis and to promote cooperative relationships among scientists and engineers both Japan and Korea. We will discuss all aspects of catalytic research ranging from fundamentals to applications considering green and sustainable technology. We look forward to welcoming you to Nagoya, Japan in 2013.
