

1st Circular / Call for Paper

Organized by

Division of Catalysis and Reaction Engineering, KICHe

Date: May 26 (Tue.) - 28 (Thu.), 2015

Invitation

We are pleased to announce that the 15th Korea-Japan Symposium on Catalysis will be held at BEXCO in Busan, Korea from May 26 to 28, 2015. This symposium has been held in every two years since 1987 between the two countries. The main objective of the symposium is to exchange the latest researches on catalysis and to promote friendship among catalyst scientists and engineers in Korea and Japan. The symposium will cover the fundamental and applied researches on catalyst and reaction engineering for a wide range of applications, such as petrochemical process, sustainable energy production (photocatalyst, biomass and fuel cells) and environmental catalyst. We look forward to welcoming you to an inspiring and enjoyable program in Busan, Korea.

Venue & date

BEXCO, Busan, Korea

Student Program	May 26 (Tue.), 2015
Main Symposium	May 27 (Wed.), 2015 May 28 (Thu.), 2015
Excursion	May 29 (Fri.), 2015

Call for paper

The scientific program will cover all aspects of catalytic researches ranging from fundamentals to applications. The symposium will consist of a student program and a main symposium that includes plenary, keynote and contributed lectures and poster sessions. The language of the symposium will be English. Participants who are interested to contribute a paper to the symposium are requested to send an abstract that includes the title of the paper, author(s), affiliations, address, e-mail of corresponding author. Extended abstract form is available on the web site (<http://cetl.jnu.ac.kr/KJCS>). The abstract should be submitted by e-mail (sjcho@chonnam.ac.kr). The information of the symposium will be regularly updated on the web-site.

Publication

The accepted oral and poster presentation will be published in international scientific journals with good reputation after peer reviews.

Important dates
